of our regular Guided Visits!

CURRICULUM LINKS:

Social Studies - Early Societies
Science - Earth & Space Systems
Visual Arts

The once thriving city vanished from sight and remained undiscovered for centuries.

Explore extraordinary objects including exquisite mosaics and iconic body casts. Engage in **hands-on activities** to learn about the daily lives of Pompeians and how the deadly volcanic eruption changed their lives forever.

Ways to experience the ROM

- Hands-on learning in our labs
- Guided Tours of our fascinating galleries
- PLUS Self-Guided Visits to explore the ROM

Guided Visits

90 MINUTES, \$16/PARTICIPANT

SCIENCE

KINDERGARTEN

Prehistoric Pals

Travel back in time to meet extinct animals from the Ice Ages to the Age of the Dinosaurs using tactile objects, movement, and storytelling.

KINDERGARTEN - GRADE 3

Amazing Stars

Gaze at a spectacular star-filled sky in our Travelling Planetarium, share stories about the stars and constellations as told by various cultures, and touch specimens from space.

“ My students were completely engaged in the learning. They have discussed their field trip throughout the year. It really was a life-changing experience for them. ”

SOCIAL STUDIES

GRADE 3

Communities in Canada, 1780-1850

Investigate how heritage, natural resources, and climate impacted the interactions between First Peoples and European settlers in our hands-on lab and galleries.

GRADE 4

Early Societies: Egypt

Touch authentic artifacts made thousands of years ago in our hands-on lab and explore our Egyptian gallery to learn about daily life and funerary customs.

GRADE 5

First Nations and Europeans in New France & Early Canada

Tour the Canadian galleries and examine authentic objects in our hands-on lab to learn about the interactions between First Peoples and European settlers.

GRADE 6

Canada & the Global Community

Learn about Canada's interactions with the global community on major social, political, economic, and environmental issues in our galleries.

HISTORY

GRADE 7

Canada: New France and British North-America, 1713-1850

Examine real musket balls, strikers, spittoons, and more to learn about daily life in colonial Canada.

GRADE 8

Canada: A changing society, 1850-1914

What do a Suffragette card, a gold pan, and a Morse code sender have in common? Examine authentic objects to understand Canada's history and changing society during this period.

Certains programmes sont offerts en français

Visit www.rom.on.ca/learn for full program listing.

Self-Guided Visits

Students can explore the ROM's world-class collections at their own pace and under adult supervision. Focus students' attention using the resources on the **ROM Learning Portal**.

\$8/PARTICIPANT

Travelling Programs & Virtual Visits

Experience the ROM without leaving your school!

Rent a Travelling EduKit

Touch objects and engage in classroom activities to support your teaching with a tactile, multisensory experience.

Step inside a Travelling Planetarium

Gaze at a spectacular star-filled sky to inspire wonder at our universe.

COMING SOON!

“ ...experiential hands-on learning that I can't provide in the classroom. ”

“ The woman that guided us through the exhibits...liked children, spoke in a way that engaged the students, and knew how to speak about our course of study so that the students were mesmerized... ”
